I was also kind of surprised at how far back the game went in time; it was created back in 2011, which I know is quite a long time ago. It's kind of scary how quickly things have changed since then. But though I am young, I thought that Minecraft was always meant for little kids; unlike Roblox, it wasn't purchased by me or my parents, and there were no advertisements present. So my opinion on both games is that they are really great for little kids because they're safe and easy to use. For adults, they are not worth the time. But from what I have heard, and from my own experiences, Roblox is a game that all kindergartners should be playing. It's definitely not recommended for adults or even teenagers.

If that happens then these fake items will be worth even more than what you paid for them originally because the developers added real content to the game.

Rated 4 out of 5 by Anonymous from Great Game, but Expensive ROBLOX is one of the best games I've played on my computer, but it is very expensive. It's not only expensive, but it's time consuming to get points for what you want in the game. Overall, I would recommend this game to people who like games that involve creativity and imagination in a game. Rated 5 out of 5 by Anonymous from Best Game Ever ROBLOX is one of the best games ever. I think that everyone should play it, it's great for all ages!
