In an article published by TechCrunch, it was alleged that "The news of a big funding round from the major investors is somewhat unexpected because Bytedance has not been the most active or profitable company in terms of fundraising thus far. The

company did raise a \$300 million round and took out two significant loans, but otherwise both of those funding rounds include more traditional Chinese VC firms as well as other global and Japanese investors." This article was published on TechCrunch. In an article published by The Next Web, it was alleged that "In fact, in its last filings with the SEC, Bytedance indicated that the firm had burned through \$5.1 million in cash between 2021 and 2021. The losses have increased since then, and the firm has reportedly burned over \$14 million in cash in 2021 alone." This article was published on The Next Web. In an article published by Business Insider, it was alleged that "When it comes from China, one of the most promising societies in the world, you know the company is serious about making money." TikTok is now available on Android TV. The new version enables you to be able to pick up where you left off in a video from any screen on your Android TV. It also supports new gesture recognition modes, such as pinch-to-zoom, which allow for precise control over camera zoom or image playback controls. Taking your phone and placing it somewhere far away from you provides a better perspective on the videos created by the app: This is useful especially for taking videos that use a lot of depth of field without being too close to the subject.",
